

# Kelsey-Seybold Clinic<sup>®</sup>

Changing the way health cares.<sup>SM</sup>

## **Dermatologist**

### **Multiple positions are located throughout the Greater Houston area.**

Kelsey-Seybold Clinic is Houston's premier multispecialty group practice, founded in 1949 by Dr. Mavis Kelsey in Houston's renowned Texas Medical Center. More than 500 physicians and allied health professionals practice at 30 locations in the Greater Houston area. Kelsey-Seybold offers quality medical care in 55 medical specialties. The organization operates the largest freestanding Ambulatory Surgery Center in the state of Texas and offers state-of-the-art Varian TrueBeam and Varian Edge radiation therapy technology at a nationally accredited Cancer Center. An accredited Sleep Center, comprehensive laboratory services, advanced imaging, and diagnostics, 16 on-site Kelsey Pharmacy locations, and MyKelseyOnline, a secure web portal, are part of its comprehensive offerings. Kelsey-Seybold partners with major insurers to offer value-based commercial health plans. KelseyCare Advantage, a Medicare Advantage plan offered to Houston-area beneficiaries and affiliated with Kelsey-Seybold Clinic, has achieved the coveted 5-out-of-5-star rating from the Centers for Medicare and Medicaid for three consecutive years and is the only 5-out-of-5-star rated plan in Texas.

### **Pathway to Partnership**

Unlike other organizations, Kelsey-Seybold physicians have the opportunity for ownership in the Medical Group, as well as in The Kelsey-Seybold Management Company. The ownership path is clear and straightforward. A Kelsey-Seybold Physician is typically eligible for ownership after three years of employment, board certification, and demonstrated good citizenship. The result is an extraordinary, broad-based, and diverse physician-led organization.

When you join Kelsey-Seybold, you become part of an established, physician-owned, and led multispecialty group practice with a 70-year legacy of caring for patients.

- 72 physicians hold leadership positions
- 56% of our physicians are shareholders
- The average physician tenure is 11 years
- Physician-led board of managers
- A defined path to partnership

Kelsey-Seybold dermatologists see a wide range of patients including adult and pediatric. They diagnose, treat, and manage all types of medical dermatology conditions including (but not limited to) acne, eczema, psoriasis, bullous diseases, and skin cancers.

The Kelsey-Seybold Dermatology team is growing. Currently, 21 providers see patients at 11 Kelsey-Seybold locations in the greater Houston area. Of the 21 providers, two are dermatopathologists and one is a MOHS surgeon.

Kelsey-Seybold dermatologists offer many additional services for patients including phototherapy (nbUVB, PUVA, excimer), extended patch testing, and select cosmetic services. Kelsey-Seybold dermatologists collaborate extensively with other Kelsey specialists including General Surgery, ENT, Plastic Surgery, Hematology/Oncology, Rheumatology, Infectious Disease, and Radiation Oncology.

Kelsey-Seybold dermatologists are invited to participate in a quarterly skin cancer multidisciplinary conference as well as a journal club that meets quarterly.
